2. SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation The Financial Statements

The Financial Statements have been prepared on accrual basis under historical cost convention and in accordance with the applicable accounting standards prescribed by the Institute of Chartered Accountants of India (ICAI). The accounting policies are consistently applied unless otherwise stated.

b. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c. Property, Plant & Equipment Properties,

Plant & Equipment's are stated at cost less accumulated depreciation, amortization and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of property, plant and equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation on Property, Plant & Equipment Depreciation on property, plant and equipment is provided on straight line method over the useful lives of assets except for leasehold improvements. Leasehold improvements are amortized over a period of 10 years.

Class of Assets	Useful lives

d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Firm and the amount of the revenue can be reliably measured with no uncertainty as regards to ultimate collection.

Income from services:

Revenue is recognised and accounted on rendering of services in accordance with the terms of arrangement by reference to the stage of completion of the contract.

e. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of the investments.

f. Employee benefits

Defined contribution plans: Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the fund are due. There are no other obligations other than the contribution payable to the fund. Defined benefit plans: Under Payment of Gratuity Act, 1972 Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit Method made at the end of the financial year. The Firm records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Compensated absences: Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per Projected Unit Credit Method. All actuarial gains/losses are immediately taken to the Profit and Loss account and are not deferred.

g. Cash and cash equivalents

Cash and cash equivalents in the Cash Flow Statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

h. Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred. Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets.

i. Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.
