| 3      | Unsecured loan received from partner during the year<br>Samartha Raghava Nagabhushanam | 17,000             | 7,807              |
| 4      | Unsecured loan repaid to partner during the year<br>Samartha Raghava Nagabhushanam     | -                  | -                  |

The loan from the partner was received in nine tranches through the bank account during the year and no amount was repaid (per ledger). No interest on the loan and no remuneration to partners has been charged in the books for the year (previous year: Nil). The previous-year figure of loan received is stated on the basis that no opening balances appear in the Trial Balance for 2024-25.

2.13 - Previous period figures

Previous year's figures have been regrouped / reclassified wherever necessary to conform to the current year's presentation.

**ITEMS REQUIRING CLARIFICATION / CONFIRMATION - NOT ASSUMED IN THE FINANCIAL STATEMENTS**
**Daivbharathi Technologies LLP - FY 2025-26**

| # | Area                                                                 | Observation (as per Trial Balance)                                                                                                                                                                                                                                                                                                                                                                                                     | Information required / treatment adopted                                                                                                                                                                                                                                                                                                                                                          |
|---|----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | <b>Period / cut-off</b>                                              | The FY 2025-26 Trial Balance and ledgers run from 1-Apr-25 to 23-Mar-26. Sales are booked by one summary Sales voucher per month and the last one is dated 28-Feb-26; the last Razorpay settlement received in the bank is dated 27-Feb-26; there are no sales in April 2025.                                                                                                                                                          | Statements are presented as at March 31, 2026 (FY 2025-26) as instructed, on the books as they stand. Revenue and Razorpay settlements for March 2026 (and 24 to 31 March bank transactions) are not yet recorded. Book the March sales voucher and settlements, re-export the TB to 31-Mar-26 and paste it into the TB sheet.                                                                    |
| 2 | <b>Bank - credit balance</b>                                         | Per the Kotak ledger (446 entries) the book balance stays positive all year and turns to a credit of Rs 2,593.05 only on the last entry (15-Mar-26, payment of Rs 5,000 to Yuvaraj). March Razorpay settlements are unrecorded (see item 1).                                                                                                                                                                                           | Presented as "Book overdraft" under Other current liabilities (Note 2.6) since a credit bank balance cannot be shown as cash. It is a book overdraft from unrecorded receipts, not a bank overdraft, and should reverse once March receipts are booked. Confirm against the bank statement.                                                                                                       |
| 3 | <b>"Cash" ledger is not physical cash</b>                            | All 22 entries in the Cash ledger are monthly Sales (Dr) and monthly transfers to the Razorpay ledger (Cr). The closing Rs 20,754.20 is the cumulative difference between sales booked (Rs 12,50,048.98 incl. GST) and amounts transferred to Razorpay (Rs 12,29,294.78). Separately the Razorpay ledger has a CREDIT balance of Rs 30,452.56 (settlements + commission exceed collections booked) which sits inside Sundry Creditors. | Both balances are presented exactly as per the TB (Cash in hand, Note 2.7; Razorpay within Trade payables, Note 2.5) because they are unreconciled. Reconcile with the Razorpay settlement statement; the net position (Rs 9,698.36 payable) should then be reclassified as a receivable/payable from the payment gateway, not cash.                                                              |
| 4 | <b>Manasa - reclassified to Short-term borrowings</b>                | Tally groups Manasa under Unsecured Loans. The ledger shows a running account: Rs 80,000 received (12-Feb-26), Rs 1,52,180 of LLP expenses paid personally by Manasa (Facebook ads 60,000; travel 63,218; pooja 10,000; Vinyas Kumar 9,000; Halaswamy 5,600; Bhadri Narayan 3,500; conveyance 862) and Rs 62,000 repaid in six tranches within the year. Closing Rs 1,70,180.                                                          | Because the balance is settled on demand within the year, it is presented under Short-term borrowings (Note 2.4) rather than Long-term borrowings. This is the only classification that differs from the Tally group; revert by changing the Head in the TB sheet if not agreed. Confirm Manasa's relationship to the partners (pays LLP expenses from personal funds; possibly a related party). |
| 5 | <b>Partner loan - resolved from ledger</b>                           | Loan from Samartha Raghava Nagabhushanam: opening Rs 7,80,680; received Rs 17,00,000 in nine bank tranches (6-Apr-25 to 19-Feb-26); nothing repaid; closing Rs 24,80,680. One tranche (16-Oct-25, Rs 1,00,000) is entered with voucher type "Payment" although the bank was debited; several Razorpay/Facebook entries also carry inverted voucher types.                                                                              | Gross receipts and repayments are now disclosed in Note 2.12 (items 3 and 4). Amounts are unaffected by the voucher-type inconsistencies but the voucher types should be corrected in Tally. Tenure and interest terms are still not in the books; kept under Long-term borrowings following the reference mapping (Directors Loan -> Long-term borrowings). No interest has been charged.        |
| 6 | <b>Probable related party - Nayana Nagabhushanam (Drishti Commn)</b> | Design and Development services of Rs 60,000 (3 x Rs 20,000; TDS Rs 6,000; Rs 54,000 paid) were availed from Nayana Nagabhushanam, who shares the partner's surname. Fully settled; nil closing balance.                                                                                                                                                                                                                               | Not disclosed as a related party because the relationship is not evidenced in the books. If Nayana Nagabhushanam is a relative of the partner, add "Availing of services - Rs 60,000" to Note 2.12.                                                                                                                                                                                               |
| 7 | <b>Entity / partners</b>                                             | Only one partner capital account appears in the books (Samartha R .N - Capital Account, Rs 90,000, no movement in either year). An LLP must have at least two partners.                                                                                                                                                                                                                                                                | Second designated partner name, DPIN, capital (if any) and profit-sharing ratio are required. Placeholders are in the Master sheet (yellow cells). Note 2.1(D) currently shows 100% contribution by the one partner in the TB.                                                                                                                                                                    |
| 8 | <b>Entity details</b>                                                | LLPIN, PAN, LLP Agreement terms, incorporation date, auditor name/firm/FRN/membership no./UDIN, signing dates and places are not in the books.                                                                                                                                                                                                                                                                                         | Fill the yellow cells in the Master sheet; all headers and signature blocks are linked to them. Statutory audit of an LLP is mandatory only if turnover exceeds Rs 40 lakh or contribution exceeds Rs 25 lakh; neither threshold is met, so confirm whether an auditor block is required.                                                                                                         |

|    |                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                   |

| 9  | <b>Format</b>                                                              | The reference (Checkaro) is a Private Limited Company under Schedule III. This entity is an LLP.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Layout, fonts, rounding and note structure follow the reference. Captions changed only where the entity type dictates: Share capital -> Partners' capital; Shareholder's funds -> Partners' funds; Board of Directors/Director/DIN -> Partners/Designated Partner/DPIN. Earnings per share and promoter shareholding are omitted. |
| 10 | <b>Advances (debit balances in Sundry Creditors) - detail from ledgers</b> | Subodh Kumar Mishra: pooja bills Rs 1,26,000 vs paid Rs 2,47,000 -> Rs 1,21,000 advance. Yuvaraj: professional bill Rs 27,000 (net of TDS) vs paid Rs 42,000 -> Rs 15,000. Mangala Rs 15,000 (21-Jan-26), Sriguru P V Rs 20,000 (14-Feb-26) and Swami Gangaram Rs 2,500 (14-Jan-26) are single bank payments with no bill recorded.                                                                                                                                                                                                                                                 | Presented as advances to suppliers/consultants under Short-term loans and advances (Note 2.8), not netted against payables. If these payments were for services already rendered (pooja/professional fees), the bills should be booked, which would increase expenses by up to Rs 1,73,500 and reduce the advances.               |
| 11 | <b>Trade payables - MSME</b>                                               | Sundry Creditors (credit balances) Rs 5,48,320.48 (PY 2,28,000), mostly individual consultants and pooja performers, plus Facebook India Rs 1,63,951.21, Razorpay Rs 30,452.56, Bharti Airtel, Google. MSME status is not in the books.                                                                                                                                                                                                                                                                                                                                             | Entire amount shown under "other than micro and small enterprises" pending MSME confirmation (Note 2.5). Schedule III ageing is not prepared (due dates not in the books; Schedule III does not apply to an LLP).                                                                                                                 |
| 12 | <b>GST</b>                                                                 | GST Payable ledger: output GST Rs 1,90,685.44, set off against IGST input Rs 69,224.05 and CGST/SGST input Rs 14,662.98, paid Rs 99,293; closing payable Rs 7,505.41. Unutilised Input CGST Rs 2,820.94 and Input SGST Rs 2,820.94 remain as separate debit ledgers.                                                                                                                                                                                                                                                                                                                | Presented gross: GST payable under statutory dues (Note 2.6) and input credits under Other current assets (Note 2.9). Confirm with GSTR-3B / electronic credit ledger whether they should be set off and shown net.                                                                                                               |
| 13 | <b>Expense classification</b>                                              | All expenses are grouped by Tally as Indirect Expenses. Pooja Expenses Rs 9,59,127.50 are payments to individual performers (Sathyanarayana Bhat 2,68,200; Ajay Pandey 1,55,000; Subodh Kumar Mishra 1,40,000; K Soorya 93,450; others). Professional Charges Rs 10,08,252 comprise ISBR 3,96,800; Madhavi K 2,56,452 (monthly retainer of Rs 45,000); Medha Sudarshan 1,00,000; Venkatesh, Sudhakar and Vinyas Kumar 75,000 each; Yuvaraj 30,000. Staff Welfare Rs 7,681 and Internship Charges Rs 12,000 (two stipends of Rs 6,000) are employee-related; Bank Charges Rs 880.63. | All expenses are presented under a single Other expenses note (2.11) exactly as grouped in Tally, as in the reference. Consider presenting Pooja Expenses as cost of services and employee-benefit / finance-cost lines separately if required.                                                                                   |
| 14 | <b>Pre-incorporation expenses</b>                                          | Rs 36,000 charged on 6-Apr-25 by a single bank payment with no counterparty or narration, in addition to Rs 4,79,320 in FY 24-25.                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Charged to P&L as per books. Confirm the nature of this second-year payment.                                                                                                                                                                                                                                                      |
| 15 | <b>Statutory interest / fees</b>                                           | Interest on TDS Rs 2,164 (five payments, Jul to Oct 2025) and GST late filing fee Rs 20 are charged to P&L.                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Presented as expenses per books. These are typically disallowed for income-tax; no tax computation has been prepared (the reference tax working sheets were hidden, company-specific and broken with reference errors).                                                                                                           |
| 16 | <b>Provisions not in the books</b>                                         | No audit fee provision, no depreciation/fixed assets, no income-tax provision, no interest on partner loan/capital, no partner remuneration appear in the books.                                                                                                                                                                                                                                                                                                                                                                                                                    | Nothing has been added. Current tax is Nil (loss year). If an audit fee or any year-end provision is to be booked, pass it in Tally and re-export the TB.                                                                                                                                                                         |
| 17 | <b>Going concern / net worth</b>                                           | Partners' funds are negative: Rs (30,31,142.86) at 23-Mar-26 (PY Rs (10,30,911.52)). Loss for the year Rs 20,00,231.34 on revenue Rs 10,59,363.54. Operations are funded by the partner's loan of Rs 24.8 lakh.                                                                                                                                                                                                                                                                                                                                                                     | Reported as per books. Partners should confirm continued financial support for a going-concern statement in the accounting policies (Note 1), which is not part of the reference workbook and has not been prepared.                                                                                                              |
| 18 | <b>Rounding</b>                                                            | Reference presents amounts in Rs '00 (Master!B31 = 100) with display rounding and no ROUND() in formulas (same as reference).                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Because underlying values carry paise, in Rs '00 the displayed components of TOTAL LIABILITIES (-30,311 + 24,807 + 7,504 = 2,000) differ by 1 from the displayed total (1,999); the underlying figures balance exactly. Set Master!B31 to 1 to present in full rupees, which removes this display difference.                     |

|    |                                       |                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |
|----|---------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 19 | <b>Ledger names</b>                   | Several Tally ledger names contain spelling errors (e.g. "Telephone Exenses", "Campaining", "Subscrptions", "Accomodation", "Captial").                                                                                                                                                                                                               | Exact Tally names are retained in the TB sheet (column A and grouping keys). Only the presentation captions in Note 2.11 have corrected spelling; no amounts are affected.                                            |
| 20 | <b>Previous year opening balances</b> | The FY 24-25 TB has no brought-forward Profit & Loss balance and includes Pre-incorporation Expenses, indicating FY 24-25 was the first year. The FY 25-26 ledgers confirm the FY 24-25 closing balances as openings (capital 90,000; loan 7,80,680; TDS 35,000; creditors 2,28,000; bank 12,768.48; P&L 11,20,911.52).                               | PY opening capital (Note 2.1B) and PY opening reserves (Note 2.2) are therefore Nil and PY 'contributed / received during the year' equals the PY closing balance. Confirm the LLP's date of incorporation.           |
| 21 | <b>Ledger tie-out (information)</b>   | All 78 FY 2025-26 ledgers were re-cast: opening + debits - credits = closing for every ledger, and every closing balance agrees with the Trial Balance. Seven ledgers with nil closing balance (ISBR, Nayana Nagabhushanam, Dharani, Futura Digital, Halaswamy, Rakshith Adiga, Rishabh Marketing, Sreejit Nambiyar, Printo) do not appear in the TB. | TB sheet columns K and L show the closing balance per ledger against each TB line and the difference (nil throughout). No amount in the statements differs from the books.                                            |
| 22 | <b>Reference sheets not carried</b>   | Reference workbook contains hidden company income-tax working sheets (IT Depn, IT Comp, DTA, MAT, ARI) and a hidden trade-payables ageing sheet, all with reference errors and specific to a company.                                                                                                                                                 | Not reproduced (MAT, EPS, Schedule III ratios and ageing do not apply to an LLP; deferred tax not computed). Master and TB sheets are kept visible so the mapping can be reviewed; hide them for printing if desired. |
